

## Islip Middle School Students Participate in Shadow Day

Tuesday, 16 February 2010 16:24

---

Islip, NY – Islip Town Supervisor Phil Nolan (back row, second from left) recently met with Islip Middle School students and teachers at Town Hall to kick off Shadow Day, in which participating students spent a day with Town Commissioners and Department Heads in order to better understand the functions of local government.

After meeting briefly in the Town Board room, the students paired up with the Department Head of their choosing. Students viewed the Animal Shelter and Long Island MacArthur Airport, and spent time in Constituent Services and Engineering. At the end of the day, the students returned to the Town Board meeting room for pizza and other refreshments and to share their experiences.
